

Bowmans - Harassment prevention pack:

Employers are under a legal obligation in terms of section 60 of the Employment Equity Act, 1998, to take proactive and remedial steps to prevent and eliminate all forms of harassment in the workplace. Failure to do so may result in unfair discrimination and other claims instituted by employees.

In order to give effect to this legal obligation, the Code of Good Practice on the Prevention and Elimination of Harassment in the Workplace places various obligations on employers. The *Bowmans Harassment Prevention Pack* provides the full suite of documents and training materials that employers require to comply with the provisions of the Code, including a template risk assessment, harassment policy and an eLearning training module to be completed by employees.
