JUTA Annual Labour Law Seminar 2024

Each year, South African labour law shifts and evolves in interesting and complex ways. As labour law and HR practitioners, missing a change or misunderstanding the impact of a development could cost time, money or reputational harm.

Join the growing number of regular attendees who rely on Juta's Annual Labour Law Update seminar with confidence. Now in its 23rd year, this SABPP-accredited seminar promises an informative, engaging day in the company of our renowned but approachable speakers as they deliver a practical analysis of current developments in all the critical areas of labour law.

Our panel highlights key legislative and case law developments and engages with the audience on labour and employment trends and policy shifts that directly have an impact on the workplace.

Delegates will also be signed up to receive Labour Law Sibergramme e-newsletter updates, incorporating important case law and commentary, keeping attendees up-to-date with emerging developments all year round.
